**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We are very happy with services of Sonic.net which is Bay Area independent service provider and a very best at that. We have been enjoying lightning fast Fiber optics internet, free add-on VoIP phone service and fast customer service response time.

From my previous experiences with Att DSL and Comcast Cable internet the larger is telecom provider company the slower is response time and ultimately worse customer experience.

Please do not eliminate competition in the Broadband internet providers area and do not encourage the US Telecom petition fulfillment - it will be best for Internet consumers as well.

Thanks.
